

What's new in Pharmaceutical Excipients

August update 2011

Pharmaceutical Excipients is continually undergoing re-validation and revision. New and revised sections will be published on **MedicinesComplete** twice a year. This is a list of the changes made since the last online update.

New Monographs

Cellaburate
Ethylene Glycol and Vinyl Alcohol Grafted Copolymer
Fructose and Pregelatinized Starch
Galactose
Isopropyl Isostearate
Polyvinyl Acetate Dispersion
Potassium Phosphate, Dibasic
Propylene Glycol Dilaurate
Propylene Glycol Monolaurate
Sodium Stearate
Sucrose Stearate
Zinc Oxide

Full Revisions

Aluminum Oxide
Ammonium Chloride
Carbomer
Carrageenan
Castor Oil
Cyclodextrins
Dextrose
Dibutyl Phthalate
Diethyl Phthalate
Dimethyl Phthalate
Docusate Sodium
Gelatin
Glyceryl Monooleate
Glyceryl Monostearate
Guar Gum
Heptafluoropropane (HFC)
Hydrocarbons (HC)
Isomalt
Isopropyl Myristate
Isopropyl Palmitate
Magnesium Aluminum Silicate
Magnesium Silicate
Magnesium Trisilicate
Maltose
Medium-chain Triglycerides
Methionine
Mineral Oil and Lanolin Alcohols
Monoethanolamine
Nitrogen
Nitrous Oxide
Oleic Acid
Paraffin
Peanut Oil
Phenylmercuric Acetate
Phenylmercuric Borate
Phenylmercuric Nitrate
Polacrilin Potassium
Poly(methyl vinyl ether/maleic anhydride)
Polyethylene Glycol
Polyvinyl Acetate Phthalate
Potassium Alginate
Potassium Bicarbonate
Potassium Citrate
Potassium Hydroxide
Propylene Glycol Alginate
Pyrrolidone
Safflower Oil

Sodium Hydroxide
Sodium Phosphate, Dibasic
Sodium Phosphate, Monobasic
Sodium Thiosulfate
Sucralose
Sugar, Compressible
Triethanolamine
Xylitol

Minor Revisions

Calcium Sulfate
Sucrose Palmitate (new Feb11)
