The New

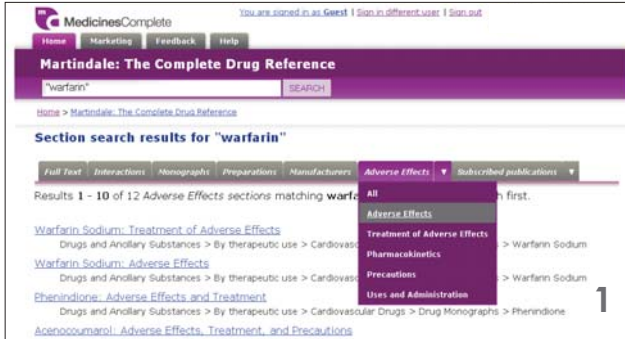

MedicinesComplete

Trusted Unbiased Global

Coming September 2009

MedicinesComplete will have a new look and new features to allow you to access information faster and more effectively while still delivering world-leading drug information.

New Design and Layout

- Clean, modern look and feel
- Improved navigation
- Improved advanced search options
- Localized branding

1

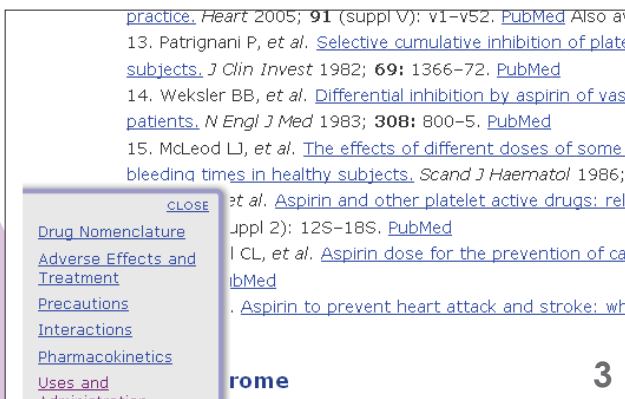

Improved Search Functionality

- Global search improvements
- Clearer results presentation
- Improved workflow integration

2

Increased Functionality

- Enhanced document navigation
- OpenURL enabled reference links

3

You will not need to change your links or bookmarks to MedicinesComplete, you will be seamlessly transitioned to the new interface.

The current MedicinesComplete interface will be accessible until October 2009.
